

## Questions

### How will this help you?

This new system will help you by allowing necessary information to be accessed easily and quickly if you go to one of the other healthcare providers for treatment.

### What do you need to do?

All you have to do is sign a form acknowledging that you have received KC CareLink's Notice of Privacy Practices.

Your healthcare information is private and confidential! It will be shared only as outlined in the privacy notice.

### What is KC CareLink and how does it help me?

KC CareLink is a network of healthcare providers that are working together to improve your healthcare by simplifying how they operate. They can quickly obtain basic information about you and coordinate your care more efficiently.

### Who can take part in KC CareLink?

You can take part in KC CareLink if you have little or no health insurance or if you are on Medicaid AND your primary healthcare provider is one of those listed on the inside of this brochure.

### How do I take part in KC CareLink?

Once you have signed the form that says you have received the KC CareLink Notice of Privacy Practices, you are enrolled in KC CareLink.

### How much does it cost to participate?

Nothing!

# A new way to help you!

2400 Troost Avenue | Kansas City, MO 64108  
Web Site: [www.kccarelink.org](http://www.kccarelink.org)

## There's a new way to help you with your healthcare needs!

A group of Kansas City healthcare providers are working to improve and simplify your healthcare.

This new system allows participating healthcare providers to share your basic information with each other.

Since June 2003, they have been able to share referral information electronically.

## Confidentiality of your healthcare information

Your healthcare information is safe and secure with KC CareLink.

Basic information such as your:

- @ name
- @ address
- @ SSN
- @ date of birth
- @ phone numbers
- @ ethnicity
- @ gender
- @ insurance information

...can be accessed by your healthcare provider quickly and easily, saving you time.

When you are referred to *another* healthcare provider, only specific information that is needed for your care and treatment will be shared.

## How do I find out more?

1. Ask at the registration desk to speak with someone about KC CareLink.
2. You can find KC CareLink on the web at [www.kccarelink.org](http://www.kccarelink.org).
